

INTRODUCING THE SOUTH JERSEY ECONOMIC DEVELOPMENT DISTRICT'S NEW GRANT FUNDING PROGRAM

The South Jersey Economic Development District is very pleased to introduce this grant program to its member counties and municipalities in the four-county south jersey region.¹

It is the intent of this grant program to provide funding for county and municipal planning purposes that will serve as catalysts for economic development strategies and projects. Requests for funding should be those that are directed at a project or program that has a good chance at success; one that has the support of local or county government; and one that will result in the expansion of the regional economy or key redevelopment opportunities.

Prospective grant applicants should refer to the SJEDD's website for information about regional economic goals and objectives. Included on the website is a recently adopted Comprehensive Economic Development Strategy (CEDS) that defines the District's key development priorities. The website can be found at <https://sjedd.com/>.

The attached form should be used in preparing any grant request. Grant requests will be reviewed by the District Board or its authorized committee or representative for eligibility and completeness. Once complete, the application will be reviewed for possible funding.

Any questions about this program should be directed to Ms. Carey Italiano, Executive Director of the SJEDD at 2745 South Delsea Drive, Vineland, NJ. 08360. Phone: 856-838-3060.

Thank you for your interest in this program. We look forward to working with you to advance economic development within the South Jersey Region.

¹ Inclusive of Atlantic, Cape May, Cumberland and Salem Counties.
